# YOUR BESPOKE WORKSPACE

One of the drawbacks of owning a modular suite is that there are limitations to what you can fit in your kitchen and how you cook around this equipment.

Combining style with practicality, Charvet craftsmen create adaptable suites to meet these high customer expectations.

Whether you're in the market for a wall, peninsular or an island suite, our Bespoke Suites always deliver optimal performance and reliability.

*"One important thing with Charvet, is that it is a range that's very adaptable, not only to your needs, but also to the spaces that you can get it to fit into."*

*"We needed something that would take a punch and Charvet can definitely take a bit of brutality."*

**Tom Aikens, Muse**
