

Bonzer EZ-20 Can Opener

DESCRIPTION

The Bonzer® EZ20 catering can opener is a popular choice with hotels, cafes, restaurants, pubs and takeaways for hygienic, safe and efficient can opening.

Bonzer Black Can Openers are manufactured in the UK. Over the years we've updated this product to ensure that it meets modern catering standards. The can openers remain as popular as ever with commercial caterers for hygienic, safe and efficient can opening.

With removable blades and highly geared wheels, our Bonzer Black Can Openers will satisfy hygiene inspections and the need for speed in the kitchen.

- Easy to clean quick release blade makes cleaning simple
- Hygienic designed to prevent germs and bacteria building up
- Dishwasher friendly safe to wash in commercial or home dishwashers
- Quality build designed in the UK and built in our Sussex factory
- NSF certified

FEATURES

- Suitable for up to 20 cans per day
- Removable Blade Carrier
- Case Hardened Blade and Wheel
- No Manual Tools Needed
- NSF Certified
- 3 year warranty, extended to 5 years

WARRANTY

Bonzer Can Openers are backed by a three-year limited warranty against defects in material or workmanship. Five year guarantee (3 year standard, extended to 5 years when registered online)

IMPORTANT

To maintain performance we recommend changing the cutting knife and gear wheel on a regular basis.
