PALUX – always a good choice

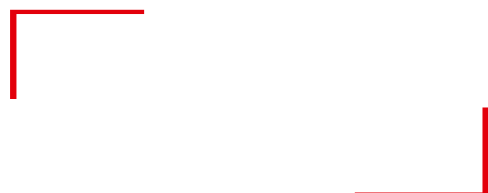

PALUX not only provides expert consultation from the beginning, but is also on hand to provide practical support:

■ Our employees and partners have practical experience and are familiar with all culinary processes. They take the specific circumstances of a wide range of target groups into consideration when it comes to advice, planning and design.

■ Not only from its high-quality products, what makes PALUX special is its extensive system expertise and its project management in planning, design and implementation – we are on hand throughout the entire process, from A–Z, as your new kitchen is realised!
