

### DESCRIPTION

Gelato Pro 2500SP is one of the most compact professional ice cream machine on the market.

GELATO Pro machines are perfect for use in restaurants, bars and pastry shops that only require limited production needs. You can process up to 1 kg (1 qt) of mixture in 15-20 minutes.

GELATO Pro Series machines are equipped with removable bowls allowing for the following important advantages:

**Time saving:** Remove the bowl and start another batch of Gelato.

**Maximum hygiene:** The batch stays in the removable aluminium bowl, cleaning is fast and easy.

**Easy storage:** The removable bowl can be placed directly into the freezer.

**Perfect size:** GELATO PRO gelato machines are designed for minimal space requirements. Compact and portable.

### FEATURES

- The refrigeration and blending systems are designed for long work cycles.
- The blade is made of stainless steel with removable scrapers to ensure hygiene and strength.
- The bowl comes with a plastic lid.
- The machine body is entirely made of stainless steel.
- The blender motor is provided with an automatic reset thermostat.
- Timer and refrigeration switch.
- Magnetic safety device: when the lid is lifted, the paddle stops automatically.
- Density control: When RPM drops due to Gelato reaching correct density or paddle slow because of obstruction such as ice build up. Paddle stops, preventing damage.

### WARRANTY

Nemox Gelato Machines are backed by a one-year limited warranty against defects in material or workmanship. On site warranty repair Included in year one.

### IMPORTANT

Allow machine to rest in final position for 12 hours before using, this allows the gas to settle.
